### **The 2<sup>nd</sup> Chance Adoption Program.**

This program helps families who have adopted a child, either domestically or internationally, and find the child is not adjusting well into the new home. Our 2nd Chance Adoption Program is the best hope for a child who is struggling in their adoptive placement and the best hope for parents who have done all they can to help the child. When the difficult decision is made by the adoptive family to find a new home for their child, WIA can help locate a new family for their child through a legal and ethical process.
